

SLURP BACKSTORY

Slurp is a warty little malignant canker. He is sloppy and craven. He enjoys slurping the soft tissues of other goblins' victims and relishes the notion of doing so. He's terrible and only serves the Goblin King because he's scared of the Goblin King. He feels no fidelity to anything or anyone save his base lusts and desires...he's a goblin!

Physically, Slurp is diminutive at less than 1 meter tall and 23 kg. He has warty skin, blood shot eyes and big pointy ears.

Mentally, he is slow and doesn't offer much in terms of creativity or calculating speed.

Psychologically, he's quite a piece of work. He is completely self-involved and only shows up at the end of an altercation to 'clean-up.' He makes more mess in his clean-up than was made during the altercation. He will even consume other goblins.
