

## POORNIMA GADHAVI BACKSTORY

Poornima has little and wants little. Her easy nature and even keel demeanor make her instantly likeable. So much so in fact that her huge frame diminishes and she becomes much more than her size. The 2.18 meter tall elderly woman moves with an observant grace. She has lived in Srinagar the entirety of her 72 years. Her affinity for Dal lake has become renowned. She has swam in the lake and done Yoga on it's beaches nearly everyday for 50+ years. She has developed a small following of people who meet her when they can. It is an open and unspoken invitation for anyone who wants to attend this impromptu swim and Yoga ritual.

Her abilities manifested early and were incorporated easily as they re-enforce her personality and appreciation of her world. Her abilities remain undocumented, but include: Telepathy, psychometry, limited augmented healing, disease resistance, an increased bone density, some shape-shifting ability and for some reason, the ability to be in the right place at the right time...lucky.

Physically, she is very tall and looks very thin. This belays her weight. Though not super humanly perceptive, her natural perception is at the apex of the human experience. This helps her maximize her special abilities.

Psychologically, she is stable, serene even. The very picture of a follower of a Yogi in her element.
